## FOOTNOTES

<sup>1</sup> With respect to an Occasional liquor licence application sought for a function or event that takes place over a number of dates, the fee will be calculated based upon the total maximum number of persons expected to be present in the licensed area at any one time over the period. For example: if a function or event runs for 2 days and the maximum number of persons expected to be present in the licensed area at any one time is 300, then the fee will be calculated on an attendance of 600 people in total and will be \$253.00.

<sup>2</sup> With respect to a One-Off Extended Trading Permit application or Add, Vary or Cancel a condition of licence application sought for a function or event that takes place over a number of dates, the fee will be calculated based upon the total maximum number of persons expected to be present in the licensed area at any one time for each date. For example: if a function or event runs for 2 days and the maximum number of persons expected to be present in the licensed area at any one time is 300, then the fee will be calculated on an attendance of 300 for each date and will be \$246.00.

If a trustee is being appointed for a club or club restricted licence the \$166.00 fee applies for the trustee.

<sup>4</sup> In addition to the application fee, new applicants in respect of profit-sharing agreements or arrangements will pay an additional \$166.00 fee for each individual who is party to the agreement or arrangement and in relation to whom a background check is sought from the WA Police Service.
