

STOP PUPPY FARMING

Public Submission Form

Please use this form to provide your feedback on the State Government's proposed methods to stop puppy farming in WA. These questions are taken from the consultation paper released by the Department of Local Government, Sport and Cultural Industries on Thursday, 3 May 2018. The paper can be accessed at [the Department's website](#).

The information you provide will be used by the Department of Local Government, Sport and Cultural Industries (DLGSC) to inform policy decisions regarding stopping puppy farming in WA. If you need help completing this form, please telephone DLGSC on (08) 6551 8700 or toll free for country callers on 1800 620 511, or email puppyfarming@dlgsc.wa.gov.au.

For a Translating and Interpreting Service (TIS) telephone: 13 14 50. To ensure your input is considered, please return your feedback before the consultation period closes at 4pm on **Friday 3 August 2018**.

Stop Puppy Farming Questions

1. Please indicate if you are any of the following:

- Dog Owner
- Dog Breeder
- Pet Shop Owner
- Pet Business – please specify below
- Local Govt. employee
- Local Govt. elected member
- Shelter organisation employee
- Shelter organisation volunteer
- Rescue group employee
- Rescue group volunteer
- Foster Carer
- Veterinarian
- Other – please specify below

Looking to own a dog.

Transitioning Pet Shops to Adoption Centres

2. Would you purchase a behaviour and health checked rescue dog from a pet shop?

I am against pet shops and would never purchase a dog from there. I do not support pet shops and believe they all need to be shut down or more stricken laws applied. Even if they had rescue dogs, I believe that they would be immunised if unsold over a period of time.

3. What background information would you want on the rescue dog?

Age and breed.

4. Do you think transitioning pet shops to adoption centres is beneficial?

It is beneficial, but considering petshops are private businesses there to make money, they will continue to try and cut costs where possible and they will likely only accept behaved, "good looking" pets because they would be more likely to sell.

5. If you are a pet shop owner or operator, what impact will this have on your business?

I am not a pet shop owner, but I believe it would have a huge impact. I think they should get into another business.

Mandatory dog de-sexing for non-breeding dogs

6. How do you feel about mandatory dog de-sexing for non-breeding dogs?

I support it, there are too many unauthorise pet breeders and accidental pregnancies so it would get more control over pet breeders and give them more business.

7. Exemptions from mandatory de-sexing will apply for health and welfare reasons as assessed by a veterinarian, and if the dog owner is a registered breeder. Are there any other reasons why a dog should be exempt from being de-sexed?

Nope.

8. Should mandatory dog de-sexing apply to all dogs, including existing dogs, or just dogs born after a particular date?

Existing dogs as long as there are no major health issues with the procedure.

Centralised Registration System

9. How will a centralised registration system benefit you?

Give me peace of mind that dogs are being monitored and tracked.

10. Do you think it is reasonable to increase dog registration fees for dogs that are not de-sexed to encourage de-sexing?

Yes

Unsure

No

11. Do you support increasing dog registration fees to fund a streamlined centralised registration system and to fund enforcement activities?

Yes, I think all fees should go towards a fund relating to the system and not turn into another revenue raiser.

12. Do you think it is reasonable for dog breeders to pay an annual registration fee to cover the cost of monitoring and enforcing dog breeder compliance?

Yes

13. Are there any other benefits, costs and/or issues associated with breeder registration that are not captured in this table? Please detail.

[Click here to enter text.]

14. Should there be any restrictions on who can register as a dog breeder? If so, what should these be?

Yes, experience and training. I think you must rather have experience or training in dog breeding including training and standard health check requirements. They must have an understanding on who the right buyer is.

15. Do you think local government is best placed to enforce dog breeder registration? Why, or why not?

Unsure

Mandatory Standards for Dog Breeding, Housing, Husbandry, Transport and Sale

16. Should people who breed dogs have to comply with minimum standards for the health and welfare of their dogs?

Yes

Unsure

No

17. Should there be any restrictions on who can register as a dog breeder? If so, what should these be?

To be a dog breeder I think you must complete some sort of training on how to be a breeder to have an understanding of the laws required.

18. Should the number of litters that a bitch can produce be restricted by law?

Yes

Unsure

No

19. Should people who breed dogs for commercial gain be required to meet additional Mandatory Dog Breeding Standards?

20. If you said 'yes' to question 19, should this be based on:

- a) keeping a defined number of breeding dogs?
- b) if so, what number?
- c) any other criteria?

Please provide reasons:
